Jeanie B! and The Jelly Beans is one of hottest acts on the kids' music circuit today. As a recent recipient of a Parents' Choice Recommended Award and a Parent to Parent Adding Wisdom Award, Jeanie B! is on a roll...a rock n' roll, that is!

Critically acclaimed, packing shows across the Midwest, and in heavy rotation on the nationally renowned satellite radio network XM Kids...she owes it all to children. Not only her own — two strapping boys who are her true inspiration — but also the neighborhood kids who say the darnedest things...things that end up as irresistible pop songs. More and more radio stations across the country are discovering Jeanie's ability to see the world through the eyes of children, and then give them a voice. "Kids will tell me things about themselves or life, and it's like they are dictating lyrics to me!"

Jeanie B! is a lifelong singer/songwriter who started playing the guitar at the age of 12. The rest of the Jelly Beans band is made up of professional, seasoned, fun-loving veterans on the rock, country and roots music circuit. Their sound is Americana roots music — a mixture of bluegrass, country, blues, and enough rock 'n' roll to keep everyone dancing! Jeanie B! delivers a live show that is a dance party with young and old alike up on their feet and singing along. "It's the perfect job — doing what I love and sharing it with my kids while touching the lives of other kids and their families." On every level, Jeanie B! and the Jelly Beans band are a tight groove machine made of seasoned pros that will keep everyone thinking and dancing on their feet.

"I try to engage children on many levels with my music. Many of my songs are just plain fun, but I also try to teach the kids about themselves and the world. Of course, I can't help writing the occasional love song from Mommy's heart.
